Famille Perrin Muscat Beaumes de Venise Blanc - 2014

Located at the foot of the Dentelles de Montmirail, Beaumes de Venise benefits from a hot climate. This allows great maturities that produce a Vin Doux Naturel, pairing well with desserts and fruits.

THE VINTAGE

The 2014 vintage is surprising for the region. It is characterised by a mild, damp winter, a hot and dry spring and a temperate and humid summer. An unusual year, a winemaker year. Bud break was very early, flowering took place in ideal conditions and fruit set was excellent, especially on Grenache. However, work in the vineyard and rigorous monitoring of the vineyard until harvest were necessary with wet months of July and August, favouring the vegetative growth. The harvest of white grapes took place under bright sunshine, with very nice analytical balances.
