Famille Perrin Réserve Côtes du Rhône Rosé - 2020

A faithful expression of Côtes du Rhône Rosé, keep this wine on hand to enjoy during the summer.

PRESENTATION

An intense rosé typical of Côtes du Rhône.

THE VINTAGE

The 2020 vintage in Southern Rhône was favoured by very good weather conditions, it is a generous vintage, both in terms of quality and quantity. Not as hot as in 2019, this year was very windy, throughout the growing cycle, with light rainfalls. After a fairly mild winter (one single episode of frost was noted during the night of March 24, but only the early ripening plots were very slightly affected). The spring was radiant, quite warm and very windy, which allowed the soils to preserve their freshness. Flowering began on May 18, under very healthy conditions. The good weather continued in June, July and August, with plenty of heat but lower temperatures than in 2019, cool and humid nights and wind which continued to blow, preserving the freshness of the vines and maintaining perfect sanitary conditions for the grapes. The harvest, which was fairly early, therefore began under these very good conditions on August 26 with the white Côtes-du-Rhône and continued until the end of September with the Mourvèdre. September was warm at the beginning of the month and then more temperate, offering idyllic harvest conditions and allowed each plot to be harvested at perfect maturity. The harvest was very healthy with beautiful juicy and very ripe grapes, reasonable alcohol levels, good acidity and already a great balance. Yields are slightly higher than 2019 and the first tastings predict a very nice vintage.

LOCATION

This wine is produced from our vineyard Le Grand Prébois in Orange.

TERROIR

There are 2 types of soils at Le Grand Prébois, stone, clay and limestone on one side and gravel and clay on the other.

AGEING

The grapes are harvested early in the morning to benefit from the freshness of the night. The proximity of the vines to the Grand Prébois cellars allows the grapes to be pressed straight after picking. After pressing, the juices are cold settled in order to remove suspended particles. The alcoholic fermentation takes place in stainless steel tanks and lasts about 15 days, the temperatures are regulated between 14 and 16 ° C. The wines are then racked and aged in stainless steel tanks until bottling.

VARIETALS

Cinsault, Grenache, Mourvèdre, Syrah

SERVING

Serve chilled with light foods, Mediterranean dishes or as an aperitif.

Famille Perrin - Les Crus

ABUSE OF ALCOHOL IS DANGEROUS FOR YOUR HEALTH. DRINK RESPONSIBLY.

TASTING

Delicate grapefruit-pink colour. This wine reveals a delicate and greedy nose, mixing floral notes and very fresh red fruit. Easy to drink and soft on the palate, it is both an explosion of fruit and a wave of freshness, which ends with a great length.

REVIEWS AND AWARDS

91/100

"Pale salmon pink, clean lush and crisp with smooth texture and lovely balance, juicy, bright and elegant."
