

FAMILLE PERRIN

Les Crus

Famille Perrin Luberon Rosé - 2022

If you like easy drinking rosé wines, this one is perfectly suiting aperitifs and simple cookery.

THE VINTAGE

The 2022 vintage experienced contrasting climatic hazards which allowed to offer good quality grapes and a very promising aromatic complexity, with however a heterogeneous volume depending on the plots. Winter and spring were particularly mild and very dry, with the months of January and May proving to be the driest since the start of the 20th century, with record temperatures in May and June. These conditions allowed to maintain an excellent sanitary state of the vines, thanks to a total absence of disease. The summer was then very sunny with high temperatures that presaged high potential in terms of alcohol, but saving rains in mid-August allowed the grapes to slowly continue to mature. The harvest thus began on August 19th in very good conditions and 11 days ahead of 2021. It was punctuated by a few rainfalls in September which did not alter the superb quality of the grapes but made it necessary to carry out a light sorting in the vineyard. We have worked our rosés with finesse, for elegant, fruity and low-alcohol wines. The reds were gently vinified with delicate extractions which reveal particularly balanced wines. The first tastings suggest a 2022 vintage full of promise, with complex and aromatic palates and great balance.

LOCATION

Located largely in the regional park of the Luberon, on equal distance from Avignon, Aix-en-Provence and Manosque. The average altitude of the vineyard is at 300 meters. Late maturity zone.

TERROIR

Ancient alluvial deposits with flat and round pebbles, limestone marl, some areas called Collets du Luberon, meaning rocky zones close to clay, results of alpine diluvium flows.

AGEING

The harvest takes place between the last days of August and mid-September, when the grapes have reached optimal maturity. This is defined by analysis and berry tastings. Harvest takes place early in the morning to preserve the freshness of the fruit and avoid oxidation of the aromas. As soon as the grapes arrive at the winery, they are pneumatically pressed which allows to extract the musts. Fermentation starts after settling and lasts about 15 days in temperature-controlled stainless steel tanks. After fermentation, the wines are kept in stainless steel vats and slightly fined before bottling.

VARIETALS

Grenache blanc, Grenache noir, Mourvèdre, Syrah, Vermentino

SERVING

10-12°C on hors-d'œuvres.

TASTING

Seductive pale-peach colour, shiny and translucent. This wine opens up with a superb fresh and fruity aromatic bouquet with aromas of red fruit and juicy summer fruit. Vivacious and full bodied, the palate is greedy on notes of red fruit, well balanced with nice freshness before a full bodied savoury finish.

REVIEWS AND AWARDS

Decanter 89/100

"Fresh and light on its feet, this easy-drinking rosé from the experienced Perrin family starts with a light spritz which introduces zesty grapefruit and red currant flavours. It's lean and mineral in style on the palate, with tart red berries, giving a touch of austerity, and a lightly grippy finish."

Decanter, 01/06/2023
