

Ours Blanc Luberon 2018

PRESENTATION

If you enjoy quaffable wines, this one is ideal as an aperitif or paired with a simple meal

THE VINTAGE

The 2018 vintage is characterised by exceptional weather conditions. Flowering took place in the best possible conditions, with a historically abundant grape output. A few rainy episodes at the end of the spring complicated things a little with an attack of mildew, but the good weather then settled down until harvest, which took place under idyllic conditions. The wines are beautiful.

LOCATION

Mainly within the Parc Regional du Luberon, which is equidistant from Avignon, Aix-en-Provence and Manosque.

The average altitude of the vineyards is 300 metres/1000 feet above sea-level, and the grapes are harvested relatively late.

TERROIR

Old alluvial deposits of round and flat stones, calcareous marl and patches of clay created by alluvial alpine flows.

AGEING

The white grapes are harvested at optimal maturity. The harvest date is defined through analysis and tasting of the berries. Upon arrival at the winery, the grapes are pressed using a pneumatic press. After settling, the must ferments in temperature controlled tanks. At the end of the alcoholic fermentation, the wine is kept in stainless steel tanks until bottling.

VARIETALS

Bourboulenc, Grenache blanc, Roussanne, Ugni blanc, Vermentino

SERVING

8°C with a starter or a cold buffet.

TASTING

An elegant golden-yellow colour with shiny reflections. The fresh and delicious nose offers aromas of roasted pineapple and white flowers enhanced by a slightly spicy note of ginger. A very pleasant palate with a nice balance, revealing a touch of acidity and density, ending with delicious tangy lemon notes.
