THE VINTAGE

2021 is a vintage marked by freshness, which is similar to the vintages we had in the eighties and nineties. It is also what we call a "winegrower vintage", human intervention and the care given to the vines were decisive for the quality of the vintage. Marked by climatic vagaries, with an episode of frost in April and interrupted harvest because of rain, this year has indeed required constant investment from our teams in the vineyard. Their attention and their commitment have borne their fruit: this vintage is very promising with lots of freshness and great balance.

AGEING

Each grape variety is harvested and vinified separately in order to respect the maturity of each varietal. The harvest date is determined by analysis and tasting the berries. Upon arrival in the cellar, the grapes are destemmed and crushed. The extraction is done during fermentation in cement tanks with pumping over.

Carignan, Cinsault, Grenache, Syrah
